YOUR 1959 BETTER CROPS . . . INDEX

JANUARY-FEBRUARY

Farmers' Almanac	Jeff McDermid	p. 3
*Fertilizers Boost Bell Pepper	M. B. Parker, J. E. Bailey & H. D. Morris	p. 6
*Principles For Roadside Fertilization	W. H. Daniel	p. 14
*Fertilizer Pays	Barton Scott	p. 22
*Fertilizer Takes Wings	Sam Dobson	p. 28
*Improve Grass Pastures by Growing More Legumes	T. H. Taylor, W. C. Templeton, Jr. & W. N. McMakin	p. 32
*And History Is Already Shining On Him —Some Impressions of Hugh H. Bennett	Santford Martin	p. 45

MARCH-APRIL *(Lawn Handbook)

Those Heedless Hours	Jeff McDermid	p. 3
How To Determine Your Lime And Fertilizer Needs	J. Fielding Reed	p. 6
What Grass To Plant	Robert W. Schery	p. 10
Facts About Fertilizers	S. E. Younts	p. 16
Basic Steps To A Good Lawn		p. 22
Fertilizing For Top Quality Lawns	W. H. Daniel	p. 24
Lime and Its Effects On Soils And Plants	Werner L. Nelson	p. 32
Good Lawn Management	J. M. Duich	p. 38

MAY-JUNE *(Garden Handbook)

Book Shelves	Jeff McDermid	p. 3
Fertilizing Your Shade and Flowering Trees	Wesley P. Judkins	p. 6
Rose Culture	W. D. Kimbrough and R. H. Hanchey	p. 10
Ornamentals Flourish With Good Fertilizer Program	Henry J. Smith	p. 14
Shrubs Should Be Liberally Fertilized	Tok Furuta	p. 22
Fertilizing Your Small Fruits	Norman F. Childers	p. 28
Fertilizing Fruit Trees In Your Garden	E. G. Fisher	p. 34
Fertilizing Your Home Vegetable Garden	John Carew	p. 38

JULY-AUGUST

In Debt To Indians	Jeff McDermid	p. 3
*What Are The Fertility Needs of Crimson Clover When Grown With Coastal Bermudagrass? . . . And Coastal Bermudagrass Grown Alone?	William E. Adams & R. A. McCreery	p. 6

*Reprints Available

*Soil Test Predicts—Profits From Potash	Lowell Hanson	p. 16
*How Legumes Boost Milk Production	H. M. Austenson, F. R. Murdock, and A. S. Hodgson	p. 22
A Quarter-Century of Soil Conservation With The Wootens	T. S. Buie	p. 26
Potash in Alfalfa Production	W. L. Parks & E. J. Chapman	p. 30

SEPTEMBER-OCTOBER

Going To The Fair	Jeff McDermid	p. 1
*More "Know Why" Through Soil Fertility Records	W. C. White & G. D. McCart	p. 4
*Soil Tests From Farm and Home Development to County-wide Program	C. D. Spies & L. C. Cundiff	p. 2
*More Potash For Grain and Legume Seedings	C. J. Chapman	p. 12
*Aerial Topdressing Works	J. F. Shoulders	p. 16
X-tra Yield, X-tra Profit Corn Contest	C. J. Overdahl	p. 20
*Chemistry in the Cornfield	Erwin J. Benne	p. 24

NOVEMBER-DECEMBER

Our Civil War Century	Jeff McDermid	p. 1
*Forage Demonstration Farm Leads The Way	James H. Eakin and Frederick A. Hughes	p. 4
Good Seed Pays Handsome Dividends	Robert Garrison	p. 12
Gibberellic Acid—A Plant Hormone	John P. O'Keefe	p. 16
Highest Return Per Fertilizer Dollar? Or Greatest Total Profit? Which Do You Prefer?	Fred H. Wiegmann and William A. Patrick	p. 20
*Forage Crops Require High Fertility	Floyd W. Smith	p. 22
Good Drainage Makes More Fertilizer Profitable	R. H. Blosser	p. 28

BY TOPICS

SOIL AND PLANT TESTING

Soil Test Predicts Profits From Potash—Lowell Hanson, July-Aug., p. 16.

More "Know Why" Through Soil Fertility Records—W. C. White and G. D. McCart, Sept-Oct., p. 4.

Soil Tests From Farm and Home Development to County-Wide Program—W. C. White & G. D. McCart, Sept-Oct., p. 4.

FORAGE CROPS

Fertilizer Takes Wings—Sam Dobson, Jan.-Feb., p. 28.

Improve Grass Pastures by Growing More Legumes—T. H. Taylor, W. C. Templeton, Jr. & W. N. McMakin, Jan.-Feb., p. 32.

What Are The Fertility Needs of Crimson Clover When Grown With Coastal Bermudagrass and Coastal Bermudagrass Grown Alone?—Wm. E. Adams & R. A. McCreery, July-Aug., p. 6.

How Legumes Boost Milk Production—H. M. Austenson, F. R. Murdock, & A. S. Hodgson, July-Aug., p. 22.

Potash in Alfalfa Production—W. L. Parks & E. J. Chapman, July-Aug., p. 30.

More Potash For Grain and Legume Seedings—C. J. Chapman, Sept.-Oct., p. 12.

Aerial Topdressing Works—J. F. Shoulders, Sept.-Oct., p. 16.

Forage Demonstration Farm Leads The Way—James H. Eakin & Frederick A. Hughes, Nov.-Dec., p. 4.

Forage Crops Require High Fertility—Floyd W. Smith, Nov.-Dec., p. 22.

GENERAL FIELD CROPS

Fertilizers Boost Bell Pepper—M. B. Parker, J. E. Bailey, & H. D. Morris, Jan.-Feb., p. 6.

X-tra Yield, X-tra Profit Corn Contest—C. J. Overdahl, Sept.-Oct., p. 20.

Chemistry in the Cornfield—Erwin J. Benne, Sept.-Oct., p. 24.

* Reprints Available.

VEGETABLE CROPS

Fertilizing Your Vegetable Garden—John Carew, May-June, p. 38.

FRUIT AND NUT CROPS

Fertilizing Your Small Fruits—Norman F. Childers, May-June, p. 28.

Fertilizing Fruit Trees in Your Garden —E. G. Fisher, May-June, p. 34.

SOIL AND FERTILIZER—GENERAL

Principles For Roadside Fertilization—W. H. Daniel, Jan.-Feb., p. 14.

Fertilizer Pays—Barton Scott, Jan.-Feb., p. 22.

How To Determine Your Lime and Fertilizer Needs—J. Fielding Reed, Mar.-Apr., p. 6.

Facts About Fertilizers—S. E. Younts, Mar.-Apr., p. 16.

Lime and Its Effects on Soils and Plants—Werner L. Nelson, Mar.-Apr., p. 32.

Gibberellic Acid—A Plant Hormone—John P. O'Keefe, Nov.-Dec., p. 16.

Highest Return Per Fertilizer Dollar? Or Greatest Total Profit? Which Do You Prefer?—Fred H. Wiegmann and William A. Patrick, Nov.-Dec., p. 20.

Good Drainage Makes More Fertilizer Profitable—R. H. Blosser, Nov.-Dec., p. 28.

LAWNS AND ORNAMENTALS

What Grass To Plant—Robert W. Schery, Mar.-Apr., p. 10.

Basic Steps To A Good Lawn—Mar.-Apr., p. 22.

Fertilizing For Top Quality Lawns—W. H. Daniel, Mar.-Apr., p. 24.

Good Lawn Management—J. M. Duich, Mar.-Apr., p. 38.

Fertilizing Your Shade and Flowering Trees—Wesley P. Judkins, May-June, p. 6.

Rose Culture—W. D. Kimbrough & R. H. Hanchey, May-June, p. 10.

Ornamentals Flourish With Good Fertilizer Program—Henry J. Smith, May-June, p. 14.

Shrubs Should Be Liberally Fertilized —Tok Furuta, May-June, p. 22.

GENERAL

And History Is Already Shining on Him—Some Impressions of Hugh H. Bennett—Santford Martin, Jan.-Feb., p. 45.

A Quarter-Century of Soil Conservation with the Wootens—T. S. Buie, July-Aug., p. 30.

Good Seed Pays Handsome Dividends —Robert Garrison, Nov.-Dec., p. 12.

DO CERTAIN FACTORS LIMIT YOUR CROP PRODUCTION?

THE NEXT ISSUE OF THIS MAGAZINE WILL DISCUSS HOW TO COPE WITH SUCH LIMITING FACTORS.
